

EasyPath GT81X(SFU) Series EPON ONU

Overview

EasyPath GT81X (SFU) is a mini EPON ONU (Optical Network Unit) for broadband service. It provides 1 or 4 Ethernet interfaces in a mini-type compact case. GT81X is highly integrated and supports layer-2 switch and high-performance multicast service. It's easy for installation and maintenance. GT81X (SFU) is available for resident and business users in FTTH/FTTP application scenarios.

Application

EasyPath GT81x (SFU) can be used with the central office OLT product of EasyPath GFA6900/GFA8000 series. It connects to OLT through the ODN (Optical Distribution Network) which is composed of fibers and POS (Passive Optical Splitter). GT81x (SFU) can be deployed at home or office to provide broadband access for residential or enterprise users.
